Pricing notes

All prices include VAT at 20%. Hire for less than four hours will be charged at half day rate. Our trained, friendly, and smartly dressed driver will transport up to two people for all your wedding purposes. We strongly advise that you book our driver to pilot the rickshaw, due to its challenging nature as a tricycle. If you prefer to use your own pilot, we will need to give them a short training session before use. A disclaimer form must be signed. If you provide your own pilot, you will also be responsible for collecting and returning the rickshaw to our base in Fulford (by vehicle or pedal-power!) Please see below for the vehicle dimensions needed to transport the rickshaw. Prices cover a 10 mile radius of York city centre, please enquire for further locations.

FURTHER INFO

Our rickshaw is frequently serviced and completely road legal.

The rickshaw can come complete with artificial white flower and green leaf décor (as shown in this photo), or can be easily decorated by yourself to match the theme for your event.

To collect or return the rickshaw yourself, a van with the following space is required:
2.3m long x 1.5m wide x 1.75m high.

Please read www.everybodyscycling.org.uk/events-prices-terms-conditions-2023 for payment and booking terms.

OTHER EVENT CYCLES
